

The MPH30-G is a very powerful horn-loaded soundprojector, effective for both in- and outdoor use. It can be used in areas where the back ground noise level is high.

The MPH30-G is equipped with a treated 5.25" woofer with aluminium dome. This gives you a clear sound reproduction for music and speech and is very performant, even for long distance use.

The loudspeaker is provided with a stainless steel bracket and screws, its housing is made of ABS plastics. This makes the MPH30-G weather and UV-proof. Further the MPH30-G is provided with a high quality 30 watt 100 Volt transformer with several power tapings.

Its standard colour is RAL7040 grey.As an option the MPH30-G can be painted in any RAL colour (Ref; PAINTMP). Please note that the minimum order quantity for PAINTMP is 12 pieces.
